Manual of the Metrical Units and Systems of the Present Century. With an Appendix, containing a Proposed English System. By **LOUIS D'A. JACKSON**, Author of "Aid to Survey Practice," &c. Large crown 8vo, 12s. 6d., cloth.

"For the large collection of measures brought together Mr. Jackson supplies the French scientific equivalents. He also gives throughout a double set of English equivalents—the commercial and the scientific. There is no doubt as to the great amount of labour that must have been devoted to the calculation, and the juxtaposition of the two values affords an easy means of checking the work by comparison."—*Athenaeum*.

"We recommend the work to all interested in the practical reform of our weights and measures."—*Nature*.

CONTINUOUS RAILWAY

BRAKES: a Practical Treatise on the Several Systems in Use in the United Kingdom, their Construction and Performance. By **MICHAEL REYNOLDS**, Mem. Soc. Engrs., Author of "Locomotive Engines Driving," &c. With numerous Plates. Crown 8vo, 9s., cloth.

"A clear exposition of the brake question as it relates to the rival systems."—*English Mechanic*.

TRIES of the UNITED KINGDOM. By **R. WEADE**, Assist.-Keeper of Mining Records. With Maps of the Coal-fields and Ironworks Deposits of the United Kingdom. Demy 8vo, 900 pp., 25s., cloth.

"The volume is the only one which embraces an examination of our colliery workings from the earliest recorded periods, or examines in all its details the progress of the British iron trade. Regarding the iron industry, we know of no other source of information so comprehensive."—*Athenaeum*.

THE ACTION of LIGHTNING,

and the Means of Defending Life and Property from its Effects. (Suggesting some New and Economical Methods of Defence.) By **MAJOR ARTHUR FARRELL**, Royal Engineer. 12mo, 7s. 6d., cloth.

"The work comprises all that is actually known on the subject."—*Zemid*.

"Major Farrell's measures are based on the results of experience. His book is a valuable repository of facts and principles arranged in a scientific form."—*Building News*.

By W. H. MALLOCK,

SECOND EDITION OF FANNY KEMBLE'S RECORDS OF LATER LIFE.

In 3 vols., crown 8vo, 32s.

"We lay down the 'Records,' having utilised but a tithe of the passages which, upon a hurried perusal, had commended themselves to our attention. There have been profounder, more brilliant, and more accurate chronicles given to the reading public in late years; but it would be hard to find one more thoroughly enjoyable, and the reader whom we may have directed to its perusal will own himself our debtor for a profitable hint."—*New York World*.

"A Western Wildflower" is a very good novel of the sentimental kind."—*Athenaeum*.

ROYAL ANGUS. By Lord

JAMES DOUGLAS. In 2 vols., crown 8vo.

"What becomes of the hero we must allow the reader to discover for himself; our duty here is to point out the purity of tone that runs through the novel like an unbroken thread of gold, the manliness and unaffected style of the writing, and the pathos which is one of the distinguishing characteristics of 'Royal Angus.'"—*Bell's Life in London*.

A STRANGE JOURNEY. In 3

VICE VERSA;

Or, a Lesson to Fathers.

By F. ANSTEY.

Crown 8vo, 6s.

EXTRACTS FROM NOTICES BY THE PRESS.

THE SATURDAY REVIEW, July 15.

"If there ever was a book made up from beginning to end of laughter, yet not a comic book, or a 'merry' book, or a book of jokes, or a book of pictures, or a jest-book, or a tomfool book, but a perfectly sober and serious book, in the reading of which a sober man may laugh without shame from beginning to end, it is the new book called 'Vice Versa; or, a Lesson to Fathers.' ... We close the book, recommending it very earnestly to all fathers, in the first instance, and their sons, nephews, uncles, and male cousins next."

THE ATHENAEUM, July 15.

"The whole story is told with delightful drollery and spirit, and there is not a dull page in the volume. It should be added that Mr. Anstey writes well, and in a style admirably suited to his amusing subject."

THE ACADEMY, July 15.

"It is certainly the best book of its kind that has appeared for a long time; and in the way of provoking laughter by certain old-fashioned means, which do not involve satire or sarcasm, it has few rivals."

THE PALL MALL GAZETTE, July 21.

"'Vice Versa' is one of the most diverting books that we have read for many a day. It is equally calculated to amuse the August idler, and to keep up the spirits of those who stay in town and work while others are holiday-making. ... The book is singularly well written, graphic, terse, and full of nerve. The school-boy conversations are to the life, and every scene is brisk and well considered."

THE WORLD, July 26.

"The idea of a father and son exchanging their identity has suggested itself to many minds before now. It is illustrated in this book with surprising freshness, originality, and force. ... The book is more than wildly comic and amusing; it is in parts exceedingly pathetic."

THE COURT JOURNAL, July 22.

"The story is told with so much wit and gaiety that we cannot be deceived in our impression of the future career of F. Anstey being destined to attain the greatest success among the most popular authors of the day."

NOTES AND QUERIES, July 20.

"This is a thoroughly laughable book, and in days when most authors, like the poet of Dr. Oliver Wendell Holmes's verses, seem to shrink from 'writing as funny as they can,' it richly deserves the exceptional welcome due to an exceptional effort."

VANITY FAIR, August 12.

"The book is, in our opinion, the drollest work ever written in the English language."

TRUTH, August 17.

"Mr. Anstey has done an exceedingly difficult thing so admirably and artfully as to conceal its difficulties. I haven't for years read so irresistibly humorous a book."
